

Defect ID: [0.1.1.1]

Summary **erroneous success status when creating a user in API**

Found by Test Case 0.1.1

Severity Minor

Version 1.4.2

Module API Tests

Pre-conditions

Status Reopened

Steps to Reproduce

N	Step	Test data	Expected result	Actual results
---	------	-----------	-----------------	----------------

1	Make a POST request to create a user (baseUrl: https://studio-api.softtr.io)	13.0 6.20 23	Status: 200 OK Response body: <pre>{ "full_name": "John Richardson", "email": "johnr@gmail.com", "magic_link": null, "created": "yyyy-mm-dd hh:mm:ss*", "updated": "yyyy-mm-dd hh:mm:ss*" }</pre> yyyy-mm-dd hh:mm:ss* - current time format, for example: "2023-02-25 13:22:16"	Status: 201 Created Response body: <pre>{ "full_name": "John Richardson", "email": "johnr@gmail.com", "magic_link": null, "created": "2023-05-24 14:38:03", "updated": "2023-05-24 14:38:03" }</pre> See enclosed 0_1_1_v2.pdf
---	--	--------------------	---	---

Defect ID: [1.3.1.1]

Summary	The forgot-password page does not contain a password recovery form
Found by Test Case	1.3.1
Severity	Major
Version	1.4.2
Module	Password recovery

Pre-conditions Open page <https://erich416.softr.app/>

Status Fixed

Steps to Reproduce

N	Step	Test data	Expected result	Actual results
1	Click «Sign in» in the Header	14.0 6.20 23	The «Sign in» page is open	The «Sign in» page is open
2	Fill in the «Email» field « malik@example.com »		In the "Email" field will appear the address « malik@example.com »	« malik@example.com » in the "Email" field
3	Click on the link «Forgot password»		The "Forgot password" page opens with a password recovery form	The forgot-password page has opened that does not contain a password recovery form

Defect ID: [1.4.1.1]

Summary	After registering as a teacher, the fields in the profile are filled incorrectly
Found by Test Case	1.4.1
Severity	Minor
Version	1.4.2
Module	Profile
Pre-conditions	Open page https://jere237.softr.app/ , Sign in as a teacher - (Role teacher, FoolName Bob Smith, E-mail bobS@gmail.com, Password 123qwe , Agree V)
Status	Fixed

Steps to Reproduce

N	Step	Test data	Expected result	Actual results
---	------	-----------	-----------------	----------------

1	In the Header, click on the user's avatar and select «My Profile»	14.0 6.20 23	The «user-profile» page opens with a form «Please tell us more about yourself». The fields «Select you role», «Full Name», «Email» и «Old password» are filled with the values «teacher», «Bob Smith», " bobS@gmail.com " и «.....» respectively. The rest of the fields are not filled.	The «user-profile» page opens with a form «Please tell us more about yourself». The field «Email» is filled with the values « roxanne@example.com ». The rest of the fields are not filled. After refreshing the page, the fields «Select you role», «Full Name», «Email» are filled with the expected values. The defect is floating, the expected result for all fields except «Old password» can occur immediately, maybe after several page refreshes (see 1_4_1.pdf). When you click on the eye icon (show password) in the «Old password» field, the password "123456" is always displayed
---	---	--------------------	--	---

Defect ID: [1.4.2.1]

Summary	After registering as a student, the fields in the profile are filled incorrectly
Found by Test Case	1.4.2
Severity	Minor

Version 1.4.2

Module Profile

Pre-conditions Open page <https://jere237.softtr.app/>, Sign in as a student(Role student, FoolName Anna Mann, E-mail annaM@gmail.com, Password 789iop , Agree V)

Status Fixed

Steps to Reproduce

N	Step	Test data	Expected result	Actual results
---	------	-----------	-----------------	----------------

1	In the Header, click on the user's avatar and select «My Profile»	14.0 6.20 23	The «user-profile» page opens with a form «Please tell us more about yourself». The fields «Select you role», «Full Name», «Email» и «Old password» are filled with the values «student», «Anna Mann», "annaM@gmail.com" и «.....» respectively. The rest of the fields are not filled.	The «user-profile» page opens with a form «Please tell us more about yourself». The field «Email» is filled with the values « roxanne@example.com ». The rest of the fields are not filled. After refreshing the page, the fields «Select you role», «Full Name», «Email» are filled with the expected values. The defect is floating, the expected result for all fields except «Old password» can occur immediately, maybe after several page refreshes (see 1_4_2.pdf). When you click on the eye icon (show password) in the «Old password» field, the password "123456" is always displayed
---	---	--------------------	---	---

Defect ID: [1.4.3.1]

Summary **After filling in all the fields of the teacher profile, an error message appears, the data is not saved**

Found by Test Case **1.4.3**
